Introduction

Laws of Minnesota 2020, chapter 82, section 5, subdivision 12(a)(b), requires all law enforcement agencies that maintain or use an unmanned aerial vehicle (UAV), also known as a drone, to report the following data regarding the prior calendar year to the Minnesota Department of Public Safety (DPS) by Jan. 15:

- The number of times a UAV was deployed without a search warrant
- The date of each deployment
- The authorized use for each deployment (see [Laws of Minnesota 2020, chapter 82](#), section 5, subdivision 3)
- The total cost of the agency's UAV program

This report fulfills the further requirement that DPS compile the data into a report for the Legislature to be posted on the department's website.

Background

Laws of Minnesota 2020, chapter 82, was signed into law on May 16, 2020.

The Minnesota Bureau of Criminal Apprehension (BCA) developed a form in August 2020 that enables law enforcement agencies that maintain or use a UAV to report the data required by statute in a uniform manner.

[Laws of Minnesota 2025, chapter 35](#), was signed into law on May 23, 2025. These changes modified the authorized uses for deployment with an effective date of July 1, 2025. BCA notified agencies that old reason codes would be reported from Jan. 1 to June 30, 2025, and new reason codes would be required from July 1 to Dec. 31, 2025.

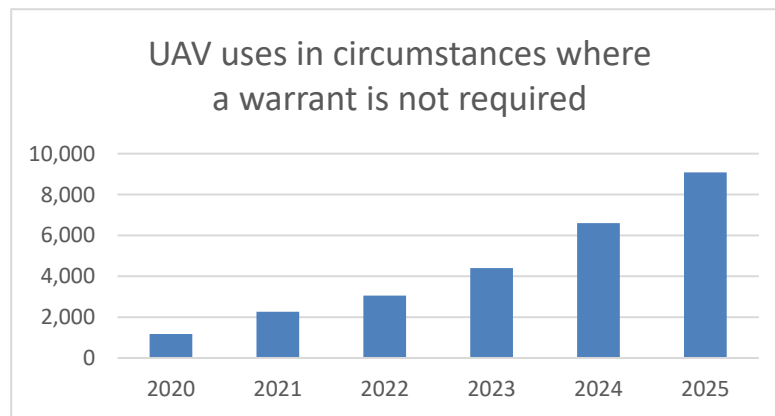

The information provided to and compiled by the BCA in this report covers the reporting period Jan. 1-Dec. 31, 2025.
