

STATEWIDE EMERGENCY COMMUNICATIONS BOARD

Date: January 15, 2026

To: Regional Emergency Communications Board Chair

Cc: Regional Advisory Committee Chair

Re: Regional Needs Annual Update Requirement

Dear Regional Emergency Communications Boards and Regional Advisory Committee Chairs:

The Statewide Emergency Communications Board (SECB) requires an annual update to the regional needs' submissions. This is a reminder that your region needs to submit its 2026 annual updates to the Finance Committee by May 31st. The information listed in the attached table is a summary of the information submitted all the regions last year. In 2027 the SECB has changed the date to March 31st. This change is being made to allow the Legislative Committee time to include in joint projects in their legislative ask. This year we are also asking the region to prioritize or rank the regionals needs in a highest to lowest format. If you have any questions, you can email them to micah.myers@ci.stcloud.mn.us or call (320) 650-3365.

Thank You.
