

After your application is processed, DVS will mail you approval to install an ignition interlock device. Schedule installation with an [approved provider](#). The provider will let DVS know when installation is complete, and DVS will send you a letter confirming conditional reinstatement. You may drive once your [status is valid](#) and your device is installed. Carry your temporary license until your new license arrives. A Driver Evaluator meeting is not needed to begin the program.

Eligibility Requirements

- Be at least 18 years old and eligible for a class D driver's license or instruction permit.
- Own/drive a vehicle with valid insurance.
- Have no outstanding withdrawals.
- If driving privilege revoked prior to age 18, must not be subject to Vanessa's Law.

To enroll in the Ignition Interlock Device Program, complete the following steps

I have reviewed and agree to abide by the Ignition Interlock Program Guidelines.

Apply for a new Class D driver's license (MN residents only).

Sign and date the [Ignition Interlock Participation Agreement](#).

Submit an insurance identification card. A certificate of insurance will be needed if your driving record shows a history of an insurance conviction.

If required, sign and notarize the [Special Review Awareness form](#).

To complete the program (if not already complete):

Pay any fees on your record.

Have a treatment center, assessor or alcohol or drug counselor complete a Substance Use Disorder Assessment (only required after the second offense on record). They will need to fax the form to (651) 797-1738 for DVS to accept it.
