

Use this form to:

- Add or remove an autism spectrum identifier to your driver's license or identification card.
- Add or remove mental health identifier to your driver's license or identification card.
- Add or remove emergency contacts to your driver's license or identification card record.
- Add or remove caretaker information to your driver's license or identification card record.

You may complete all sections of this form or only one section.

If you add caretaker information to your driver's license or identification card record, law enforcement will have access to this information and may contact these individuals in the event of an emergency involving you. You may wish to provide emergency contact information in addition to the caretaker information or provide the contact information of the individuals you would like law enforcement to contact on behalf of those under your care.

Submit this form in person to a driver's license agent office.

What is the purpose of supplying additional information? How will the information be used?

The purpose of supplying this information to Driver and Vehicle Services (DVS) is to add an autism spectrum and/or mental health indicator to your driver's license or identification card pursuant to Minnesota Statutes, section 171.07, subdivision 6a and Minnesota Statutes, section 171.07, subdivision 6b.

DVS will add emergency contact(s) information and/or people you are the caretaker for to your DVS record. Law enforcement agencies will be able to see this information and reach out to individuals in the event you are involved in an emergency. DVS may collect and make this information available to law enforcement agencies upon request by the applicant pursuant to Minnesota Statutes, section 171.12, subdivision 5b and/or Minnesota Statutes, section 171.12, subdivision 5c.

Am I required to provide this information?

No. You are not required to provide this information to DVS.

What will happen if I do not provide this information?

If you do not provide the requested information:

- DVS will not issue your credential with an autism and/or mental health indicator.
- If you do not provide emergency contact or caretaker information, DVS will not add emergency and/or people you are a caretaker for to your DVS record.

Who will have access to this information?

Your autism and/or mental health indicator(s) will be printed on your driver license or identification card. The indicator can be seen by anyone who views your card.

These data are private data on individuals as defined in the Minnesota Government Data Practices Act (Minn. Stat. § 13.02, subd. 12) and DVS may only share as authorized by that law and the federal Driver's Privacy Protection Act (18 USC § 2721).

Additionally, emergency contact and caretaker information may be shared with law enforcement agencies to notify emergency contacts and cared-for individuals regarding an emergency.

Autism and mental health indicators may not be shared with any federal agency, federal department, or federal entity pursuant to Minn. Stat. § 171.12, subd. 7c(a).
