Request for Proposals (RFP) Part 1: Overview

1.1 General Information

- Grant Name: Crisis Response Grant Program
- [Minnesota Office of Justice Programs \(OJP\) Website](#)
- **Open for Applications: Tuesday, February 3, 2026**
- **Application Due Date: Monday, March 30, 2026, at 4:00 PM**
- ~~Application Due Date: Monday, March 16, 2026, at 4:00 PM~~

1.2 Program Description

The purpose of this request for proposal is to fund local law enforcement agencies and local governments to start, maintain, or expand crisis response teams in which social workers or mental health professionals serve as first responders when calls for service involve an individual in crisis. Funding may support a range of models including Crisis Intervention Teams (CIT), mobile crisis teams, co-responder models, alternative response teams (ART), and other social worker/mental health-led response approaches that improve safety, reduce unnecessary justice system involvement, and connect individuals to appropriate care.

1.3 Background Information & Resources

Across Minnesota and the nation, communities are strengthening their responses to individuals experiencing mental health and behavioral health crises by expanding partnerships between law enforcement, social workers, mental health providers, and community-based organizations. Effective crisis response systems are built on collaboration, shared responsibility, and coordinated planning across agencies. This grant program reflects the State of Minnesota's commitment to supporting local jurisdictions in developing and enhancing these collaborative, person-centered crisis response approaches.

This grant round emphasizes the importance of strategic partnerships and alignment with existing county and regional efforts, recognizing that crisis response functions best within an integrated system. Applicants are encouraged to engage with county behavioral health departments, community mental health providers, local crisis teams, and other partners to ensure strong coordination of services. Resources such as [The Sequential Intercept Model](#) and the [Stepping Up](#) Initiative provide useful frameworks for understanding how law enforcement, behavioral health systems, and community supports can work together to divert individuals with mental health needs from deeper justice system involvement. Applicants are strongly encouraged to use these tools to guide collaborative planning and program design.

To support new programs and collaborations, applicants may use a portion of the funds for planning activities, including finalizing partnerships, defining response protocols, securing MOUs, establishing logistics, and completing necessary hiring prior to full implementation. Applicants must demonstrate existing collaboration and community support through Memorandum(s) of Understanding (MOU) submitted with the application. Applicants may allocate up to 10% of their total grant award (up to \$30,000 for a \$300,000 grant) to planning activities, with the expectation that programs will move into implementation by the end of the second quarter of the 24-month grant period.

Resources:

A variety of national and state resources are available to assist applicants in designing evidence-based, collaborative responses. These tools reinforce that effective crisis response depends on strong, coordinated partnerships with law enforcement, behavioral health providers, county systems, and community stakeholders all playing essential roles in improving outcomes for individuals experiencing crises.

RFP Part 2: Expectations

2.1 Grant Activity Requirements

➤ **Commitment to Accessibility, Diversity, Equity, and Inclusion**

Organizations funded under this grant must have a commitment to conduct activities or provide services in an accessible, welcoming, and respectful manner. Activities must be conducted in a culturally sensitive and respectful way that honors and values diverse life experiences for those seeking services, and for program staff, leadership, and advisory boards. OJP asks organizations to make efforts to ensure their leadership and staff are representative of the diversity of Minnesotans and the communities served.

➤ **Community and Systems Partnerships**

Since interventions rarely, if ever occur within one organization or system, it is expected that the key stakeholders of your project are invited to and authentically engage with all aspects of this process. Genuine partnerships and collaborations involve clear roles and responsibilities, and partners are compensated whenever possible. Grantees should work together in partnership with relevant stakeholders, which may be systems partners, other community organizations, local public health, businesses, or other government agencies.

➤ **Evidence Informed and Promising Practices**

While prioritizing programs that use evidence-based practices (those that have been rigorously evaluated and demonstrated effectiveness), we also recognize the importance of supporting innovative and community driven strategies. Many effective approaches emerge from the lived experiences of communities of color, Indigenous communities, and other historically marginalized groups. These approaches, often rooted in cultural traditions and local expertise, align with practice-based evidence (PBE). PBE encompasses strategies developed over time through practice, experience, and community validation.

Projects may be research-based, drawing on published literature including both qualitative and quantitative studies, or they may be promising strategies that demonstrate strong community support, responsiveness to local needs, and alignment with emerging best practices. Projects implementing established research-based

interventions and those incorporating promising, community driven approaches that reflect practice-based evidence and lived experience will be given equal weight in the review process.

➤ Commitment to Using a Trauma-informed Approach

Activities conducted under this grant must be provided in a way that recognizes, understands, and responds to the effects of trauma experienced by survivors. A trauma-informed approach emphasizes physical, mental, and emotional health and safety, and helps survivors rebuild a sense of control and empowerment. Services need to be flexible to respond to the impact of different types of traumas and on meeting survivors' self-defined needs toward recovery and healing. [More information](#) on using a trauma informed approach.

➤ Program Evaluation

Program evaluation is an important component of this grant program as it can help grantees understand, verify, or increase the effectiveness of the activities funded under this grant. Program evaluation can also provide data to highlight the impact of the activities funded in this grant and can show how the grantee is meeting the goals set in this application. Grantees may use funds for staff to work on evaluation or may subcontract with external evaluation partners. Evaluation may include, but is not limited to, developing an evaluation plan, developing data collection tools, collecting, and analyzing evaluation data and attending in-state evaluation training and technical assistance events.

Crisis Response Progress Report:

Grantees will be required to submit quarterly progress reports and expense reports. OJP will provide a standardized reporting template to ensure consistency across programs and to support accurate tracking of progress toward grant outcomes.

Programs funded through this grant will be expected to report on activities, accomplishments and challenges related to the overall goals of the Crisis Response Grant Program, which are to:

- Reduce the incidence of use of force, injuries, and fatalities during mental health crisis calls.
- Increase diversion of individuals experiencing mental health crises away from arrest and toward services and supports that address underlying behavioral health needs.
- Reduce law enforcement time on scene at mental health crisis calls so that officers have increased capacity to respond to other public safety needs.

RFP Part 3: Application Process and Instructions

These address federal and state requirements such as worker's compensation, civil rights, affirmative action, and data privacy. By agreeing to these in IGX the applicant is confirming that they can make these commitments. **Applicants are encouraged to print and review these documents with the appropriate agency staff prior to submitting the application in IGX.** Grantees agree to follow the [OJP Grant Manual](#), which provides basic information on policies and procedures for grant administration. For the purposes of this section, a subaward to another entity would be to carry out a portion of the project award. It creates a relationship with the grantee and the project implementation. Characteristics of an organization having a subaward to another entity include:

- A subaward with an entity that determines program eligibility.
- A subaward with an entity whose performance is measured in relation to whether the objective of your proposal are met.
- A subaward with an entity that is responsible for the adherence to applicable program requirements specified in the proposal.

Application Information

A. Project Information

This information is entered into IGX and includes the contact information for the individuals responsible for the grant as well as other basic grant information. NOTE: the funds requested amount will come from the budget form.

Budget line items include: Personnel, Payroll Taxes & Fringe, Contract Services, Travel, Training, Office Expenses, Program Expenses, Indirect Costs and Other Expenses. Not all line items need to be used.

Staffing considerations:

If grant funded staff are unable to dedicate their fulltime to grant activity they will be required to track and only be reimbursed for their grant-related hours.

B. Indirect Rate Documentation (if applicable)

Indirect costs, often referred to as overhead, are costs shared by the organization as a whole and most often are not able to be broken down within each program of the organization. Indirect costs can be requested in one of the following ways:

1. Budget expenses directly in the applicable budget categories and would not need to complete this form.
2. Using the Federally Negotiated Indirect Costs Rate

A final staff review will consider scores from community reviewers, past grantee performance including timeliness and completeness of past grant financial and progress reporting (if applicable), geographic locations and coordination with other federal, state, and local funding. The Commissioner will make the final funding decisions and award notification will be by email to applicants.

Become a grant reviewer!

Grant reviewers are community members who evaluate applications for a variety of competitive grants we implement throughout the year. We use reviewer scores and recommendations to help determine which proposals are awarded grants. [Apply to become a grant reviewer here!](#)

RFP Part 5: Post Award Requirements

- **Pre-Award Risk Assessment and Financial Review.** In accordance with state and federal grant management policies it is required to consider a grant applicant's risk of noncompliance with grant requirements. State policy requires states to conduct a financial review prior to a grant award made of \$25,000 and higher to any organization. The necessary information for this is provided in the Organizational Financial Information form in the application.
- **Minnesota's Commitment to Diversity and Inclusion in Procurement**

The State of Minnesota is committed to diversity and inclusion in its public procurement process. The goal is to ensure that those providing goods and services to the State are representative of our Minnesota communities and include businesses owned by minorities, women, veterans, and those with substantial physical disabilities. Creating broader opportunities for historically under-represented groups provides for additional options and greater competition in the marketplace, creates stronger relationships and engagement within our communities, and fosters economic development and equality.

To further this commitment, the Department of Administration operates a program for Minnesota-based small businesses owned by minorities, women, veterans, and those with substantial physical disabilities. For additional information on this program, or to determine eligibility, please call 651-296-2600 or go to the [OEP website](#).
- **Grant Contract Process.** After being selected for funding, OJP staff will work with the applicant to negotiate a final budget. The formal grant contract consists of the Grant Agreement, the Terms and Conditions, the Program Guidelines, as well as the work plan and budget. The Grant Agreement will be initiated, signed by grantee and OJP, and once fully executed it is then a legally binding agreement. Grant agreements not signed within 30 days of receipt may be canceled.
- **Progress Reporting.** Grantees will be required to submit quarterly progress and expense reports with supporting reimbursement documentation.

- **Grant Payments.** This is a cost reimbursement grant. Grantees will only be paid for eligible expenses that are incurred and are consistent with the negotiated budget.
- **OJP Grant Manual.** Grantees, grantee subgrants and contracts agree to follow the OJP Grant Manual as part of the application process. The manual is a resource for how our office manages grants and covers topics such as grant administration policies, program modification policies, general accounting requirements, etc. [OJP Grant Manual](#)
- **Expiring Grant Funds.** A portion of the total grant award will expire on June 30, 2027. See the Special Conditions page of the grant contract for details.
- **Grantee Orientation.** Grantees will be expected to attend an OJP grant orientation session.
