

Minnesota Department of Public Safety State Fire Marshal Division

Permission for inspection

Property owners permission for fire inspection – public or charter school

When an inspection is requested for a proposed public or public charter school in a building which is not owned or currently under lease by the school district, written permission must first be obtained from the property owner.

I (print owner's name) _____ certify that I own the building located at the following address and give my permission for a Deputy State Fire Marshal to inspect the building:

Address: _____

City: _____ State: _____ Zip: _____

I am aware that _____ is requesting a fire code inspection at the above address for a proposed public or public charter school occupancy.

Note: By giving this permission, a Deputy State Fire Marshal may conduct an inspection of the entire building (or buildings) for compliance with the Minnesota State Fire Code. Regardless of whether the building is occupied for school use, you, as the property owner, will be responsible for the correction of any violations identified during the inspection based on its current occupancy use.

Owner's Signature: _____

Address (if different from above): _____

Phone Number: _____

Email: _____ Date: _____
